RE: Beaver Dam Water Company ("Beaver Dam") for an Extension of its Certificate of Convenience and Necessity
Docket No. W-03067A-06-0117, Decision No. 69243

On January 19, 2007, the Commission issued Decision No. 69243 which granted an Order Preliminary to the issuance of an extension of the Beaver Dam Certificate of Convenience and Necessity ("CC&N") upon completion of the requirements contained in Findings of Fact No. 22.

Pursuant to the Decision, Beaver Dam was to file a copy of the Approval To Construct ("ATC") for the water facilities need to service the area and documentation from the Arizona Department of Water Resources ("ADWR") that there is adequate water to serve the proposed extension area. These items were due to be filed with the Commission as compliance items within two years of the effective date of the Decision.

Beaver Dam was unable to meet the required filing deadline of January 19, 2009, for the ATC and the Letter of Adequate water supply, therefore the matter in this docket is deemed closed.

Staff recommends that the Hearing Division file an order administratively closing the docket.
